Virginia Farmhouse contract drawing set

Hollow-core flush wood door

Model BRD-HC2480-BIR

Door elevation

24 in x 80 in

Product characteristics

Use	Interior, non-rated
Nominal size	24 in x 80 in
Thickness	1-3/8 in
Core	Hollow honeycomb core
Stiles and rails	Composite wood
Faces	Birch veneer, flush
Finish	Clear factory finish
Warranty	One year limited

PRODUCT DESCRIPTION

Factory-assembled flush wood door for non-rated interior openings. Supply with clear-finished birch veneer faces.

Storage and handling

Store doors flat in a dry, ventilated interior space. Protect finished faces from dirt, moisture, direct sunlight, and construction damage.

Installation

Field verify each opening before fabrication. Install plumb and square with uniform clearances. Follow the approved hardware schedule.
